Adjutant General's Department**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 10 a.m. Friday, December 17, in Room 21 of the State Defense Building, 2800 S.W. Topeka Blvd., Topeka, to consider the adoption of proposed regulations to administer HB 2429, the Kansas Nuclear Safety Emergency Preparedness Act, which established the nuclear safety emergency preparedness fee fund.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the Adjutant General's Department, Division of Emergency Preparedness, Technological Hazards Section, 2800 S.W. Topeka Blvd., Topeka 66611-1287. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

These regulations are proposed for adoption on a permanent basis. A summary of proposed regulations and their economic impact follows:

K.A.R. 56-2-1. Definitions. This regulation defines the major terms and phrases used in the related regulations.

K.A.R. 56-2-2. Nuclear safety emergency preparedness fee fund. This regulation requires producers to pay an annual fee to the adjutant general to cover the costs incurred by state and local government agencies to establish, maintain, and implement appropriate emergency preparedness plans and programs required to respond to an emergency at a nuclear facility.

K.A.R. 56-2-3. Disbursements. This regulation allows any state or local government agency that incurs expenses related to nuclear emergency preparedness to apply to the adjutant general for disbursements to cover those expenses. Requests for disbursements can only include those costs that are directly related to nuclear safety emergency preparedness.

K.A.R. 56-2-4. Requests for disbursement. This regulation requires requests for disbursement are submitted to KDEP by May 1 of the fiscal year preceding, by two years, the fiscal year for which disbursement is sought. Each request shall indicate the relationship of each line item to nuclear safety emergency preparedness. An account dedicated to the receipt and expenditure of fund moneys shall be established. Any moneys remaining in the account at the end of the fiscal year shall be returned to the fund before the last business day of July of the following fiscal year.

K.A.R. 56-2-5. Notification of budget approvals. On or before July 1 of the fiscal year preceding the fiscal year for which the budget is proposed, the adjutant general shall notify producers and state and local government agencies of the total proposed fund budget. Within 15 days, the affected entities may provide comment to the adjutant general for consideration in the preparation of the final budget. The adjutant general shall provide notice of final budget approval on or before September 15 of the fiscal year preceding the fiscal year for which the budget is proposed.

K.A.R. 56-2-6. Direct reimbursement. State or local government agencies that incur unanticipated expenses may seek direct reimbursement from the adjutant general if those expenses would have been eligible for prior disbursement under the provisions of K.A.R. 56-2-3 and if adequate moneys are available in the fund. The adjutant general shall approve such expenses prior to the actual expenditures.

These regulations benefit state and local government agencies by providing funding for nuclear emergency preparedness from a source other than general revenue. These regulations negatively affect producers by increasing their costs. In the future, the cost increases may be passed on to consumers through rate increases.

Copies of the regulations and their economic impact statement may be obtained from the Adjutant General's Department, Division of Emergency Preparedness, Technological Hazards Section, at the address above, (913) 266-1423.

Kansas Arts Commission

Notice of Accessibility Transition
Planning Grant Deadline

A second opportunity for arts organizations to apply for accessibility transition planning grants is available from the Kansas Arts Commission.

In the Design Arts/Capital Aid Program for fiscal year 1994, a new category of funding is offered to encourage and assist arts organizations to develop accessibility transition plans to achieve compliance with federal and state laws that mandate a minimum standard of accessibility in all public buildings.

The second application deadline for accessibility transition planning grants will be 5 p.m. January 20. Any not-for-profit, incorporated, tax-exempt organization or public agency that primarily presents arts programs may apply for up to \$5,000, which must be matched on a one-to-one cash basis.

Organizations may apply for accessibility transition planning grants to cover partial costs of developing accessibility transition plans that address architectural and program accessibility. These must include plans to remove all physical barriers that limit accessibility, as determined by an accessibility needs assessment; priorities of needs and cost estimates for accommodations; methods for achieving facilities and program accessibility; schedule for completion of steps for achieving full accessibility; and, for organizations with four or more employees, identification of essential functions of employees to determine basic job duties that employees must perform, with or without reasonable accommodation.

The Design Arts Program offers two other opportunities, available as long as funds remain available: accessibility needs assessment grants and design arts consultants pool grants.

For guidelines and application forms, contact the Kansas Arts Commission, Jayhawk Tower, 700 S.W. Jackson, Suite 1004, Topeka 66603-3758, (913) 296-3335. Persons with special communication needs may use the Kansas Relay Service: 1-800-766-3777.

Funding is provided through a grant from the National Endowment for the Arts, a federal agency, and through an appropriation by the 1993 Kansas Legislature of economic development initiative funds, which are generated by the Kansas Lottery and other gaming revenues.

Notice of Professional
Development Grant Opportunity

Individual artists creating original work in any art discipline may apply to the Kansas Arts Commission for funding to assist them in achieving the next stage in the development in their careers. Applications to the Professional Development Grant Program for fiscal year 1994 (July 1, 1993-June 30, 1994) will be accepted until 5 p.m. Monday, January 10, by which time all completed applications and support materials must be received in the commission office.

To be eligible, an artist must have been a Kansas resident since July 1, 1992, with the intention of residing in Kansas through June 30, 1994. Non-residents, undergraduate or graduate students, and interpretive artists not creating original work are not eligible.

Artists who have received professional development grants in previous years—either directly or as part of a collaboration with another professional development grant recipient—may not apply again. Previous recipients of Kansas Artist Fellowships are eligible, and artists may apply for both within the same year.

An artist may apply for a professional development grant from \$100 to no more than \$500 to cover up to 50 percent of the cost of a project or activity that began no earlier than October 1, 1993, and is to be completed no later than June 30, 1994.

Grants may be matched in cash or a combination of cash and documented in-kind services. A completed final report form must be submitted within 30 days of a project's completion. Grantees must provide documentation of their projects.

Grants may be awarded for projects undertaken by individual artists. The artist assumes all responsibility for the grant, including full federal income tax liability.

The grant applications will be evaluated by a panel of commissioners and arts professionals for projects. The commission will consider the panel recommendations and make the grant awards during the quarterly business meeting in November.

For guidelines and application forms, contact the Kansas Arts Commission, Jayhawk Tower, 700 S.W. Jackson, Suite 1004, Topeka 66603-3758, (913) 296-3335. Persons with special communication needs may use the Kansas Relay Service, 1-800-766-3777.

Governor Joan Finney and the Kansas Arts Commission have issued a call for nominations for the 1994 Governor's Art Awards.

The Governor's Art Awards are awarded annually to recognize outstanding contributions to the excellence, growth, support, and availability of the arts in Kansas. The awards focus attention on the importance of the arts to the quality of life for all Kansas citizens by honoring those who have made outstanding achievements of significant contributions to cultural growth.

All nomination forms and any materials and letters in support of the nomination must be received in the Kansas Arts Commission office by 5 p.m. Friday, January 7. Submissions by facsimile machine are not acceptable.

Nominations are accepted from Kansas citizens and organizations that seek to pay tribute to visual artists, performing artists, creative writers or publishers, traditional or folk artists, art educators, elected officials, arts advocates, arts organizations, and individual or corporate arts patrons.

Any individual residing in Kansas or any business, organization or institution located in Kansas at the time of nomination is eligible to be nominated for a 1994 Governor's Arts Award. Members of the commission or its staff and previous Kansas Governor's Artists or Governor's Arts Awards recipients are not eligible. Self-nominations are permitted.

Award recipients will be selected from among the nominees by a panel that includes members of the Kansas Arts Commission, a representative of the Governor's staff, and representatives of various arts disciplines and organizations.

The panel will consider such criteria as the significance and magnitude of the nominee's creative achievement, the length of time and intensity of activity dedicated to the arts by the nominee, the nominee's leadership that stimulated growth and support of the arts, and the nominee's contributions to excellence and availability of the arts.

The awards will be presented by Governor Finney during a ceremony in the Capitol early in 1994, on a date to be announced.

All nominations must be submitted on official nomination forms. The forms were included in the October issue of *Heartbeat*, the commission's monthly newsletter. Additional copies may be obtained by contacting the Kansas Arts Commission, Jayhawk Tower, 700 S.W. Jackson, Suite 1004, Topeka 66603-3758, (913) 296-3335. Counties and County Officers—Mental Health Centers and Services—Community Mental Health Centers and Community Facilities for the Mentally Retarded; Tax Levy, Use of Proceeds. Senator Carolyn Tillotson, 3rd District, Leavenworth, October 14, 1993.

The legislature has established preconditions that must be met before a board of county commissioners is authorized to levy a tax to provide funding for mental health services, mental retardation services, or the purchase or construction of facilities for the community mental health center or facility for the mentally retarded. Therefore, the authority of a board of county commissioners to levy an annual tax for the purpose of providing funding for mental health services is restricted to those instances in which the board of county commissioners has established a governing body pursuant to K.S.A. 1992 Supp. 19-4002. Levies regarding mental retardation services and the purchase or construction of facilities may not be made until a notice of intent to make such levies has been published in a newspaper of general circulation in the county and either a proposition regarding the levy is approved by the electors of the county or no sufficient protest regarding the levy is made. A tax to provide funding for a community mental health center or facility for the mentally retarded may not be levied unless and until the establishment of the center or facility has been approved by the Secretary of Social and Rehabilitation Services. State Departments; Public Officers and Employees—Civil Service—Classified and Unclassified Services; Kansas Turnpike Authority Board Members. Dennis D. Prater, General Counsel, Kansas Commission on Governmental Standards and Conduct, Topeka, October 14, 1993.

Members of the board of the Kansas Turnpike Authority are in the unclassified service of the Kansas civil service act pursuant to K.S.A. 1992 Supp. 75-2935(1)(b) and thus are state officers for purposes of the state governmental ethics laws. Courts—District Courts—Budget for District Court Expenses Payable by Counties. Patrik W. Neustrom, Salina County Counselor, Salina, October 18, 1993.

There is no statute prohibiting the transfer of budget items from the sheriff's office to the district court during the budgeting process, as long as such items are "expenses incurred for the operation of the district court." We find no violation of the separation of powers doctrine nor the tax lid law in regard to such transfers. Fees and Salaries—Fees in all Counties and Salaries in Certain Counties—Court Fees in Criminal Actions. Robert B. Davenport, Director, Kansas Bureau of Investigation, Topeka, October 19, 1993.

The Kansas Bureau of Investigation laboratory analysis fee established by L. 1992, ch. 298, § 83 is to be applied retroactively to offenses committed before July 1, 1993, in cases where the costs are assessed on or after that date. The provision is procedural in nature and does not violate the constitutional proscription against ex post facto laws. Cited herein: L. 1992, ch. 298, §§ 81, 83, 98. JLM

Automobiles and Other Vehicles—Driving Under the Influence of Alcohol or Drugs; Related Provisions—Additional Testing to Determine the Presence of Drugs or Alcohol. Greg A. Bengston, Salina City Attorney, Salina, October 26, 1993.

There is no *per se* rule that requires police to transport a person to an alternative site for an independent test to detect the presence of alcohol or drugs; whether the person was afforded a reasonable opportunity to obtain an independent test pursuant to K.S.A. 8-1004 will depend upon the circumstances. Furthermore, the police are not obligated to transport to sites outside the city in the absence of a showing that testing facilities in the city are inadequate. Cited herein: K.S.A. 8-1004. MF

Cities and Municipalities—Code for Municipal Courts; Trials and Proceedings Incident Thereto—Ig-

nitition Interlock Device. Robert Watson, Overland Park City Attorney, Overland Park, October 26, 1993.

A convicting court can only restrict a person's driving privileges to driving a motor vehicle equipped with an ignition interlock device after the period of administrative suspension has expired. Furthermore, the requirement of an ignition interlock device cannot be applied to municipal court cases if the court loses jurisdiction over the offender before the expiration of the administrative suspension period. If a municipal court does have jurisdiction, it must restrict the person's driving privileges to driving only a motor vehicle equipped with an ignition interlock device; however, the duration of the restriction is completely discretionary with the court as long as it retains jurisdiction. Finally, the restriction means that a person is prohibited from driving any vehicle which does not have the device. State Departments; Public Officers and Employees—Public Officers and Employees; Open Public Meetings—Meeting Defined; Quorum Change; Recreation Commission. Stephen T. Adams, Attorney for the Blue Valley Recreation Commission, Overland Park, October 29, 1993.

Absent express or implied authority within the enabling statutes, or any general grant of authority such as home rule, the Blue Valley Recreation Commission has no authority to change the number of commissioners required to constitute a quorum for purposes of the Kansas open meetings act. Since the recreation commission consists of five members, a quorum of the commission is three, and a majority of the quorum is two. Amendments to the Constitution of the United States—Amendment I—Freedom of Speech; Anti-Picketing Ordinance. Jim Kelley, Deputy Mayor and Board of City Commissioners, Topeka, October 29, 1993.

Ordinance No. 16643, which prohibits picketing "directed towards or interfering with an activity or event" at a house of worship, violates the first amendment to the United States Constitution because it is not content-neutral. However, an ordinance that prohibits the focused picketing of a protected religious event within specified time and distance parameters is constitutional. Cited herein: 42 U.S.C. §§ 1993, 1988. MF

The legislature may, under article 11, section 1 of the Kansas Constitution, define and redefine the term "public utility" as necessary and reasonable to effectuate the makers' and adopters' intent in treating such property differently for purposes of taxation; any legislative definition must remain consistent with the commonly understood meaning of the term. Intoxicating Liquors and Beverages—Cereal Malt Beverages—Local Regulations. Representative Robert Grant, 2nd District, Cherokee, November 2, 1993.

A resolution passed by the board of Crawford County commissioners prohibiting persons under the age of 21 from entering into establishments which sell intoxicating beverages is a valid exercise of the county's authority. Counties have authority to enact regulations concerning the moral, sanitary, and health conditions of licensed establishments. The board of county commissioners may use its inherent police power to impose the resolution in question since it is not in conflict with or pre-empted by the state law. Redemption of Bonds

Bonds maturing in the years 1995 through 1997, inclusive, shall become due and payable on their respective maturity dates without option of prior call for redemption and payment. Bonds maturing in the year 1998, and thereafter, at the city's option may be called for redemption and payment prior to their respective maturities on and after September 1, 1997. Bonds called for redemption and payment may be called in whole or in part at any time on any interest payment date from and after the first date authorized for redemption. Bonds called for redemption and payment as described herein shall be redeemed at a price equal to the principal amount thereof, plus accrued interest to the date established for such redemption and payment.

If less than all of the bonds outstanding are called for redemption on a specified date, the method of selection of the bonds to be so called shall be designated by the city in such equitable manner as it may determine. If the city elects to call for redemption less than all of the bonds at the time outstanding, it shall, in the case of bonds registered in denominations greater than \$5,000, treat each \$5,000 of face value of a bond so registered as though it were a separate bond in the denomination of \$5,000.

Written notice of any call for redemption and payment of the bonds shall be given by United States registered or certified mail not less than 30 days prior to the date established for such redemption and payment. Such written notice shall be mailed to the paying

(continued)

agent and to the registered owners of the bonds as shown by the registration books maintained by the bond registrar. Prior to any date established for redemption and payment, the city shall deposit with the paying agent sufficient funds to pay the bonds so called for redemption and payment at the redemption price set forth above and all unpaid and accrued interest thereon to the date of such redemption and payment. Upon the deposit of said funds, and the giving of notice of such redemption and payment as aforesaid, bonds thus called for redemption shall cease to bear interest from and after the date of their redemption and payment.

Condition of Bids

Bids will be received for the bonds bearing such rate or rates of interest as may be specified by the bidder. The same rate will apply to all bonds of the same maturity. Each interest rate specified will be in an even multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. The difference between the highest and lowest rates specified in any bid will not exceed 2 percent. No interest rate shall exceed a rate equal to the index of treasury bonds published by *The Bond Buyer*, successor to *Muni Week*, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. No bid of less than par and accrued interest will be considered. Bids for less than the entire issue of bonds will not be considered.

Bid Form and Good Faith Deposit

Bids will be submitted on the official bid form furnished by and secured from the city clerk and will be addressed to the city at City Hall, 114 W. 1st, Medicine Lodge, KS 67104, Attention: City Clerk, and will be plainly marked "Bond Bid." No changes to said form are authorized; changes or erasures thereon may cause rejection of any bid. Each bid will specify the total interest cost to the city on the basis of such bid and the average annual net interest rate on the basis of such bid. The net interest cost to the city will be determined by subtracting the amount of the premium, if any, from the total interest cost upon all the bonds from their date until their respective maturities and will be stated as a dollar amount in the bid. The city will be entitled to rely on such dollar amount as stated in the bid as the basis of determining the lowest net interest cost. If there is any discrepancy between the said net interest cost and the average annual interest rate specified, the specified net interest cost will govern and the rates specified in the bid will be adjusted accordingly.

All bids must state (1) the total interest cost of the bid; (2) the premium, if any; (3) the net interest cost of the bid; and (4) the average annual interest rate. All of said information shall be certified by the bidder to be correct, and the city will be entitled to rely on the certification of correctness by the bidder. Each bid must be accompanied by a certified or cashier's check equal to 2 percent of the total amount of the bid and shall be payable to "City Treasurer, Medicine Lodge, Kansas." In the event a bidder whose bid is accepted shall fail to perform under the contract for the purchase

of the bonds from the city, said deposit shall be retained by the city as liquidated damages. All checks of unsuccessful bids will be returned promptly. No interest will be paid upon the deposit made by the successful bidder.

Award of Bids

The sealed bids for the bonds will be opened publicly and only at the time and place specified in this notice. The city reserves the right to reject any and all of the bids and to waive any irregularities. Unless all bids are rejected, the bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the city.

Delivery of the Bonds

The bonds, duly printed, executed and registered, will be furnished and paid for by the city. The bonds will be sold subject to the unqualified approving opinion of Jonathan P. Small, Chartered, bond counsel, Topeka, Kansas, a copy of whose opinion will be printed on the reverse side of each bond. Manually signed originals of the opinion will be furnished without expense to the purchaser of the bonds at the delivery thereof. The cost of this legal opinion and the expense of printing the bonds will be paid by the city. Said legal opinion will contain a statement to the effect that the bonds constitute a general obligation of the city payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the city. The opinion will also address the exclusion from federal and Kansas income taxation of the interest on the bonds.

The denomination of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners to be shown on the bonds initially delivered shall be submitted in writing by the successful bidder to the city and bond registrar not later than 5 p.m. C.D.T. on December 10, 1993. In the absence of such information, the city will deliver the bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by not later than the date of delivery of the bonds a certificate acceptable to city's bond counsel which sets forth the initial reoffering price of the bonds to the public.

The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds will be made in immediately available funds. Delivery of the bonds will be made to the successful bidder on or before December 22, 1993, at any bank in the state of Kansas or Kansas City, Missouri, at the expense of the city. Delivery elsewhere will be made at the expense of the purchaser. The purchase price, together with any premium and accrued interest from the date of the bonds to the date of delivery, will be paid at delivery or the good faith deposit will be forfeited.

Tax Exemption and Qualified Tax-Exempt Obligations

It is the opinion of bond counsel that provided the city complies at all times with the bond ordinance and applicable existing law, the interest on the bonds is (1) excludable from gross income for federal income tax purposes and (2) is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations. However, such interest with respect to corporations as defined for federal income tax purposes is taken into account in determining adjusted net book income (adjusted current earnings for taxable years ending after December 31, 1989) for the purpose of computing the alternative minimum tax imposed on such corporations. The exclusion identified in the preceding clause (1) is subject to compliance by the city with all requirements of the Internal Revenue Code of 1986, as amended, which must be satisfied subsequent to issuance of the bonds in order for the interest on the bonds to qualify for such exclusion. Failure to comply with certain of such requirements could cause the interest on the bonds to be so included in federal gross income retroactive to the date of issuance of the bonds. The city will covenant to comply with all such requirements. Bond counsel expresses no opinion regarding other federal tax consequences arising with respect to the bonds.

Prospective bidders for the purchase of the bonds should be aware that: (1) Section 265 of the code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the bonds, or, in the case of a financial institution within the meaning of Section 265(b)(5) of the code, that portion of a bondholder's interest expense allocable to the interest on the bonds; (2) with respect to insurance companies subject to the tax imposed by Section 831 of the code, for taxable years beginning after December 31, 1986, Section 832(b)(5)(B)(i) of the code reduces the deduction for loss reserves by 15 percent of the sum of certain items, including interest on the bonds; (3) for taxable years beginning after December 31, 1986, and prior to January 1, 1992, interest earned on the bonds by some corporations could be subject to the environmental tax imposed by Section 59A of the code; (4) for taxable years beginning after December 31, 1986, the interest earned on the bonds by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the code; (5) passive investment income, including interest on the bonds, may be subject to federal income taxation under Section 1375 of the code for Subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year if more than 25 percent of the gross receipts of such Subchapter S corporation is passive investment income; and (6) Section 86 of the code requires recipients of certain Social Security and Railroad Retirement benefits to take into account in determining gross income, receipts or accruals of interest on the bonds. These categories of prospective bondowners should consult their own tax advisers as to the applicability of any of these consequences.

The bonds are exempt from intangible personal property taxes levied by Kansas counties, cities and

townships. Interest on the bonds is excludable from the computation of Kansas adjusted income whether or not included in federal adjusted gross income.

The city will covenant to take such actions as are necessary to designate the bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the code, and, in the case of certain financial institutions within the meaning of Section 265(b)(5) of the code, a deduction is allowed for 80 percent of that portion of such financial institution's interest expense allocable to interest on the bonds.

Offering Price Certificate

To provide the issuer with information necessary for compliance with Section 148 of the Internal Revenue Code of 1986, as amended, the successful bidder will be required to complete, execute and deliver to the issuer prior to the delivery of the bonds a certificate regarding the "issue price" of the bonds (as defined in Section 148 of the code), reflecting the initial offering prices (excluding accrued interest and expressed as dollar prices) at which a substantial amount (i.e., 10 percent or more) of the bonds of each maturity have been or are expected to be sold to the public. The term "public" excludes bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers. Such certificate shall state that 10 percent or more of the bonds of each maturity have been or are expected to be sold to the public at prices no higher than such initial offering prices. However, such certificate may indicate that the successful bidder will not reoffer the bonds for sale.

Purpose and Security for the Bonds

These bonds are being issued pursuant to K.S.A. 12-6a01 et seq. and K.S.A. 10-101 et seq., as amended and supplemented, for the purpose of financing the cost of certain sewer improvements and all things necessary and incidental thereto.

The bonds and the interest thereon shall constitute general obligations of the city and shall be payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property within the territorial limits of the city.

Assessed Valuation and Bonded Indebtedness

The city's equalized assessed valuation, including motor vehicles, of the taxable tangible property within the city for the year 1993 for the computation of limits upon bonded indebtedness is \$5,772,130.

The total general obligation bonded indebtedness of the city as of this date is \$523,000. Said indebtedness does not include this \$195,116.98 proposed issue of bonds.

(F) Dental health care workers who have exudative lesions or weeping dermatitis shall refrain from all direct patient care and from handling patient care devices used in exposure-prone invasive procedures, unless covered by an effective barrier.

(2) Dental health care workers shall take appropriate precautions to prevent injuries caused by needles, scalpels, and other sharp instruments during and after procedures. If during a single visit a patient needs multiple injections over time from a single syringe the needle should be recapped or placed in a sterile field between each use to avoid the possibility of needlestick injury or needle contamination. Used sharp items shall be placed in puncture resistant containers for disposal.

(3) Any heat stable instrument or device which enters tissue or which contacts the mucous membranes shall be sterilized. Dental health care workers shall comply with the following sterilization requirements.

(A) Before sterilization, all instruments shall be decontaminated to remove all visible surface contamination including but not limited to blood, saliva, tooth and dental restorative material cuttings and debris, soft tissue debris, and bacterial plaque. Decontamination of instruments may be accomplished by a thorough scrubbing with soap and water or detergent, or by using a mechanical device such as an ultrasonic cleaner. Persons involved in cleaning instruments should wear heavy duty utility gloves to prevent hand injuries.

(B) Heat-stable dental instruments shall be routinely sterilized between patient use by one of the following methods:

- (i) steam under pressure autoclaves;
- (ii) heat plus pressurized chemical (unsaturated formaldehyde or alcohol);
- (iii) vapor chemoclave;
- (iv) prolonged dry heat exposure;
- (v) dry heat convection sterilizers;
- (vi) ethylene oxide sterilizers; or
- (vii) other equivalent methods.

(C) Biological spore testing devices shall be used weekly to verify that all pathogens have been killed. A log of spore testing shall be kept for a period of three years.

(D) Items to be sterilized shall include, but not be limited to:

- (i) low-speed handpiece contra-angles and prophylaxes;
- (ii) high-speed handpieces;
- (iii) hand instruments;
- (iv) burs;
- (v) endodontic instruments;
- (vi) air-water syringe tips;
- (vii) high volume evacuator tips;
- (viii) surgical instruments; and
- (ix) sonic or ultrasonic periodontal scalers.

(E) Non-disposable items used in non-invasive procedures which cannot be heat sterilized shall be decontaminated and disinfected with a chemical sterilant which has been registered by the U.S. Environmental Protection Agency and is tuberculocidal.

(F) Materials, impressions, and intra-oral appliances shall be decontaminated and disinfected before being sent to and upon return from a commercial dental laboratory.

(G) A dental health care worker who is HBsAg seropositive or HIV seropositive, or who otherwise knows or should know that he or she carries and is capable of transmitting HBV or HIV, shall not thereafter perform or participate directly in an exposure-prone procedure unless the worker has sought counsel from an expert review panel. The expert review panel shall be composed of:

- (i) the dental health care worker's personal physician;
- (ii) an infectious disease specialist with expertise in HIV and HBV transmission;
- (iii) a dentist licensed in the state of Kansas with expertise in procedures performed by the health care worker; and
- (iv) a state of Kansas or local public health official.

(c) Reports and information furnished to the Kansas dental board relative to the HBsAg or HIV status of a dental health care worker shall not be deemed to constitute a public record but shall be deemed and maintained by the board as confidential and privileged as a medical record and shall not be subject to disclosure by means of subpoena in any judicial, administrative or investigative proceeding, if the dental health care worker adheres to the rules and regulations of

(continued)

the board and is willing to participate in counseling and be reviewed and monitored by the board or its designated agent.

(d) When the board learns that a dental health care worker is HBeAg or HIV seropositive, contact shall be made with that dental health care worker to review the rules and regulations of the board and develop a process of monitoring that individual's practice.

(e) The monitoring of a dental health care worker's HIV or HBV status and discipline of the dental health care worker shall be reported to the Kansas department of health and environment, but shall remain confidential.

(f) The Kansas dental board and its duly authorized agents and employees may inspect, during business hours, the office of a licensed dentist to determine and assure compliance with this regulation. (Authorized by K.S.A. 74-1406; implementing K.S.A. 65-1436; effective Dec. 27, 1993.)

State of Kansas

Department of Administration

Permanent Administrative Regulations

Article 2.—DEFINITIONS

1-2-46. Length of service. (a) Subject to the provisions of subsection (b), length of service shall mean total time worked in the classified service or unclassified service, or both, including time spent on and after May 1, 1985 on a temporary appointment to an unclassified special project position pursuant to K.S.A. 75-2935(1)(i). Length of service shall exclude:

- (1) all other temporary or emergency appointments;
- (2) time worked as a student employed by any board of regents institution;
- (3) time worked as a resident worker in any social and rehabilitation services institution or the Kansas commission on veteran's affairs; or
- (4) time worked as an inmate.

(b)(1) In crediting employment in an intermittent position, 160 hours in pay status shall be equivalent to one month of service.

(2) Length of service accrual shall be limited to a maximum of:

(A) six months in a 12-month period, for intermittent positions restricted to less than 1,000 hours; or

(B) nine months in a 12-month period, for intermittent positions allowing 1,500 hours.

(c) Time spent on military leave, or on leave while receiving workers' compensation benefits for disability attributable to state employment, shall be considered to be time worked in the classified or unclassified service. Time on leave while receiving workers' compensation benefits for disability attributable to state employment prior to May 1, 1983 shall not be credited.

(d) Within educational institutions under the control and supervision of the state board of regents or the state board of education, time spent on leave of absence, imposed by the employer based on employment customs arising from an academic or school calendar requiring less than a full calendar year of service, shall be considered to be time worked in the classified service. However, length of service based on leave of absence shall not be transferable to other state agencies. For the purposes of layoff, employees of such institutions shall be credited only for actual time worked.

(e)(1) Length of service for computing vacation and sick leave accrual rates and for layoff or compensation purposes shall not be recalculated using prior versions of this regulation for employees who have no break in service. Employees who have no break in service shall be credited for service performed prior to January 18, 1994 on the basis of their length of service on January 17, 1994.

(2) Length of service for computing vacation and sick leave accrual rates and for layoff or compensation purposes for an individual returning to state service shall be calculated on the basis of this regulation as in effect when the individual returns to state service and not on prior versions of this regulation.

(f) Authorized leave without pay over 30 days shall not count toward length of service. However, authorized leave without pay shall not be considered a break in service.

(g) Increased rates of vacation leave earnings based on length of service shall not be retroactive. (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-3746; effective May 1, 1983; amended May 1, 1984; amended May 1, 1985; amended, T-87-52, Dec. 19, 1986; amended May 1, 1987; amended Dec. 27, 1993.)

Article 5.—COMPENSATION

1-5-15. Salary of employee upon demotion. (a) Each employee who is demoted, in accordance with other sections of these rules, whether voluntarily or for disciplinary reasons, shall be paid at the same step of the range for the lower class as the step on which the employee was being paid in the higher class, or at any higher step so long as there is a decrease in rate of compensation. Upon approval of the director, any employee accepting a voluntary demotion may be paid at a step of the new range which does not result in decrease in rate if:

- (1) the position must be filled expeditiously for effective government;
- (2) the employee accepting a voluntary demotion has exceptional qualifications for the new position;

(continued)

(3) accepting the voluntary demotion is in the best interest of state service; or

(4) the employee is taking a voluntary demotion in lieu of a layoff. The voluntary demotion shall not be within the same organizational unit except in the case of a voluntary demotion taken in lieu of a layoff.

(b) Nothing in this regulation shall prevent a demotion being made to a step in the range lower than permitted by this regulation, if agreed upon in writing by the employee and appointing authority. However, a promotional employee who is demoted pursuant to K.A.R. 1-10-8(b) shall be paid no less than the same step of the range for the lower class as the step that the employee was on immediately prior to the promotion.

(c) The pay increase anniversary date for any employee demoted for disciplinary reasons shall be governed by the time-on-step requirement of the step to which appointed. The pay increase anniversary date for any employee who takes a voluntary demotion shall be unchanged if the employee did not receive a salary step increase on the date of the demotion.

(d) An employee who takes a voluntary demotion may also receive a salary step increase on the same date if eligible for such an increase.

(e) The provisions of K.A.R. 1-5-10, rather than this regulation, shall apply when a former permanent employee who was separated from the service for more than 30 days is reinstated to a class with a lower salary range. (Authorized by K.S.A. 75-3747, K.S.A. 75-2938; implementing K.S.A. 75-2938; effective May 1, 1979; amended, E-81-14, June 12, 1980; amended May 1, 1981; amended May 1, 1983; amended, T-86-17, June 17, 1985; amended May 1, 1986; amended May 1, 1987; amended March 20, 1989; amended Jan. 6, 1992; amended Dec. 27, 1993.)

These direct appointments shall not be subject to a probationary period. Persons employed in training classes of positions shall not attain permanent status.

(b) The appointing authority may dismiss a direct appointment trainee at any time pursuant to the same provisions afforded probationary employees in K.A.R. 1-10-8(a) except as follows:

(1) If the appointment was a promotion from a classified position in which the appointee held permanent status, the provisions regarding dismissal or demotion of probationary employees in K.A.R. 1-10-8(b) shall be applied.

(2) If an employee appointed by demotion or transfer is terminated for reasons other than misconduct or delinquency, the employee shall be accorded the right to a position in the class in which the employee held permanent status.

(c) The period served by a person on a training appointment shall not be counted as part of the probationary period in case of subsequent appointment to

a permanent position, nor shall it count toward the six month requirement in K.A.R. 1-6-1(c) and any amendments thereto.

(d) Upon meeting the minimum qualifications for the applicable regular class, and a satisfactory performance of the job duties, responsibilities and training requirements of the position, the individual in a training class shall be appointed to the applicable regular class as a probationary employee and serve a probationary period as established by K.A.R. 1-7-4. The training served for a training class established pursuant to this regulation shall not be less than six months nor more than 24 months from the date of the appointment. (Authorized by K.S.A. 75-3747; implementing K.S.A. 1992 Supp. 75-2935; effective Dec. 27, 1993.)

1-6-23. Establishment of reemployment list; administration of reemployment list. (a) The appointing authority shall request that the director place on the reemployment list the name of every permanent employee who is laid off or who, in lieu of layoff, accepts a demotion, or who transfers to a position in another county, agency, shift, or to a position with fewer hours.

(b) A permanent employee who has been given a layoff notice and resigns from state service prior to the effective date of the layoff, may request his or her name be placed on the reemployment list for the class for which the layoff was proposed effective the date of the layoff.

(c) Ranking on a reemployment list shall be determined by the employee's layoff score, the highest score being first on the list. In the case of identical scores, preference in the ranking shall be given to the person who was laid off first. If further ties remain, preference in the ranking shall be given to any veteran, any surviving spouse of a veteran, and any orphan of a veteran, as defined in K.A.R. 1-14-8(d)(3), in that order. If further ties remain, ranking on the list shall be determined in a manner that is consistent with the state affirmative action goals and timetables for addressing underutilization of persons in protected groups. If further ties remain, preference in the ranking shall be given to the person with the greatest length of service as defined in K.A.R. 1-2-46. If a tie still exists, the next preference shall be given to the person with the greatest length of service, as defined in K.A.R. 1-2-46, within that agency. If a tie still exists, the appointing authority shall be responsible for determining an equitable tie-breaking system.

(d) Each name on a reemployment list shall remain on the list for three years from the date of the person's layoff for certification to the agency from which the individual was laid off. Each name shall remain on the reemployment list for one year for certification to other agencies.

(e) Any person whose name is on the reemployment list may request, in writing, that his or her name be placed on the reemployment list in any class in which the person previously had permanent status, unless the person had been demoted from that class pursuant to K.S.A. 1992 Supp. 75-2949, 75-2949d, 75-2949e or 75-2949f. Any person whose name is on any reem-

ployment list may request, in writing, that the director limit certification to a geographical area, a shift, or one or more designated agencies.

(f) When any appointing authority has indicated an intention of filling a vacancy in a permanent position allocated to a class for which a reemployment list exists, the position shall be filled as follows:

(1) If the agency has had a layoff within that class, the position shall be filled from the reemployment list.

(2) If an agency has not had a layoff, the position may be filled by:

(A) an intra-agency demotion, transfer or promotion; or

(B) the reemployment list, pursuant to the limitations provided in subsection (d) of this regulation.

(3) If an agency requests a reemployment list, the first person on the reemployment list shall be certified by the director. If that person declines the appointment, the next person on the reemployment list shall be certified by the director. Succeeding names on the reemployment list shall continue to be certified by the director until it is determined that the position cannot be filled from the reemployment list.

(4) If a reemployment list does not exist or the agency is unable to fill the position under paragraphs (f) (1), (2) or (3) of this regulation, the agency may fill the position by either a demotion, transfer, promotion, reinstatement or original appointment.

(g) Only in case of extenuating circumstances and when deemed to be in the best interest of the state service may the use of the reemployment list under subsection (f) of this regulation be waived by the director for any agency having vacancies in a class for which a reemployment list exists.

(h) A name on a reemployment list shall be removed from the appropriate list or lists for any of the following reasons:

(1) When an individual has declined one job offer within the same class;

(2) when an individual is reemployed in the class from which the individual was laid off or when reemployed in the class from which the individual accepted voluntary demotion in lieu of layoff;

(3) when an individual is appointed to any class with the same or a higher salary range than the class from which the individual was laid off;

(4) when an individual has failed to respond to the agency within four work days from the date of certification. The date of certification shall be the date the notification of certification is mailed to the individual. If the director determines that the failure to respond is for good cause, the individual's name shall be placed back on the reemployment list;

(5) when an individual is reemployed in any class and is subsequently dismissed in accordance with K.S.A. 75-2949 from the state service; or

(6) when the individual requests in writing that the director remove the person's name from the reemployment list or lists.

(i) When an individual is reemployed, the name of the person shall be removed from reemployment lists for all classes having a lower salary range. (Authorized

by K.S.A. 75-3747; implementing K.S.A. 75-2948; effective May 1, 1979; amended May 1, 1984; amended, T-86-17, June 17, 1985; amended May 1, 1986; amended Dec. 27, 1993.)

Article 7.—PROBATIONARY PERIOD AND EMPLOYEE EVALUATION

1-7-4. Duration of probationary period. (a) Original appointments. Each original appointment shall be subject to a minimum probationary period of six months. This probationary period may be extended by the appointing authority for up to six additional months if action to extend the probationary period is taken prior to the end of the original six-month probationary period. A probationary period of up to 12 months may be established by the appointing authority when specific training or certification requirements for a position cannot be completed within six months.

(b) Promotional appointments. All promotional appointments shall be subject to a probationary period of not less than three months nor more than six months as determined by the appointing authority. However, a probationary period of up to 12 months may be established by the appointing authority when specific training or certification requirements for a position cannot be completed within six months.

(c) Reemployment list appointments. Any person appointed from a reemployment list shall have permanent status effective on the date of reemployment.

(d) Reinstatement appointments. All appointments by reinstatement shall be subject to a probationary period of not less than three months or more than six months as determined by the appointing authority.

(e) Time on leave with or without pay of more than 30 days shall not count towards total time served on probation. The employee's probationary period shall be continued effective with the employee's return from leave until the total probation time served equals the time required under this regulation.

(f) Transferred permanent employees. A permanent employee who is transferred from one agency to another, or transferred within the same agency, shall continue to have permanent status.

(g) Transferred probationary employees.

(1) Transfers within an agency. When a probationary employee is transferred from one position in a class to another position in the same class in the same agency, the transfer shall have no effect on the employee's probationary period.

(2) Transfers between agencies.

(A) Except as provided in paragraph (2) (B) of this subsection (g), when a probationary employee is transferred from one agency to another agency pursuant to K.A.R. 1-6-24, the transfer shall not affect the employee's probationary period unless the appointing authority, prior to the effective date of the transfer, notifies the employee and the director in writing that the employee's probationary period is being extended. Such an extension shall not exceed six months.

(B) When an employee on a probationary period arising from an original appointment is transferred to

(continued)

another agency and the original probationary period is not extended pursuant to paragraph (A), the appointing authority may extend the original probationary period up to six additional months by giving written notice of the extension to the employee and director prior to the expiration of the original six-month probationary period.

(h) Temporary, emergency and conditional appointments. Persons serving on emergency appointments or temporary appointments shall not be subject to a probationary period. In the case of a person receiving a conditional appointment who thereafter successfully passes the applicable examination, the probationary period shall be determined in accordance with K.A.R. 1-7-5. (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-2946; effective May 1, 1983; amended May 1, 1985; amended Dec. 27, 1993.)

Article 9.—HOURS; LEAVES; EMPLOYEE-MANAGEMENT RELATIONS

1-9-6. Leave without pay. (a) Requests for leave without pay shall be made to the appointing authority in such form and at such time as prescribed by the appointing authority. The appointing authority shall determine whether approval of each request is for the good of the service, and shall approve or disapprove the request. The appointing authority may require use of accumulated vacation leave and compensatory time credits, and if appropriate, accumulated sick leave, before approval of leave without pay.

(b)(1) Any original probationary or conditional employee, excluding an employee on a temporary or emergency appointment, may be granted leave without pay for a period not to exceed 60 calendar days for childbearing, illness, temporary disabilities, the birth of the employee's child, the adoption of a child by the employee, the initial placement of a foster child in the home of the employee, in order to care for a family member who has a serious health condition, or other good and sufficient reason, when the appointing authority deems leave to be in the best interest of the service.

(2) When an appointing authority determines that granting a longer leave of absence without pay than prescribed in this subsection is in the best interest of the service, the appointing authority may request the director of personnel services to approve a longer leave, or an extension of a leave, if the total duration of the leave shall not exceed six months. Any leave granted under this subsection that exceeds 30 calendar days shall be reported to the director of personnel services.

(c) Any permanent employee may be granted leave without pay for a reasonable period of time consistent with the effective fulfillment of the agency's duties, but not to exceed one year, for childbearing, illness, temporary disabilities, the birth of the employee's child, the adoption of a child by the employee, the initial placement of a foster child in the home of the employee, in order to care for a family member who has a serious health condition, or other good and sufficient reason, when the appointing authority deems

such leave to be in the best interest of the service. Any leave that exceeds 30 calendar days shall be reported to the director of personnel services.

(d) Any permanent employee may be granted leave of absence without pay from the employee's classified position to enable the employee to take an appointive position in the unclassified service, if the granting of this leave is considered by the appointing authority to be in the best interest of the service. Leave for this purpose shall not exceed one year, but the appointing authority may grant one or more extensions of up to one year, and the appointing authority may determine the number of extensions. Any leave, or extension, that exceeds 30 days shall be reported to the director of personnel services.

(e) Desire of an employee to accept employment not in the state service shall be considered by the appointing authority as insufficient reason for approval of a leave of absence without pay, except under unusual circumstances.

(f) If the interests of the service make it necessary, the appointing authority may terminate a leave of absence without pay by giving written notice to the employee at least two weeks prior to the termination date. With the approval of the appointing authority, an employee may return from leave on an earlier date than originally scheduled.

(g) When an employee returns at the expiration of an approved leave without pay or upon notice by the appointing authority that a leave without pay has been terminated, the employee shall be returned to a position in the same class as the position which the employee held at the time the leave was granted, or in another class in the same salary range for which the employee meets the qualifications.

(h) Failure to return to work at the expiration of an authorized leave of absence, or upon notice by the appointing authority that a leave has been terminated, shall be deemed a resignation. Such resignation shall be reported by the appointing authority to the director of personnel services in the manner provided by the director. Before terminating an employee for failure to return from leave, the appointing authority shall make a reasonable effort to contact the employee, and a summary of the steps taken to try to contact the employee shall be submitted to the director of personnel services with the resignation.

(i) An employee currently serving a probationary period from a promotional certification or reinstatement may be granted leave without pay under the same conditions as a permanent employee, if the employee had permanent status in the class in which the employee was employed prior to the employee's promotional appointment or reinstatement.

(j) As used in this regulation, the term "family member" shall have the meaning set out in K.A.R. 1-9-5(e)(2). (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-2947; effective May 1, 1979; amended, E-81-14, June 12, 1980; amended May 1, 1981; amended May 1, 1983; amended, T-88-9, April 21, 1987; amended, T-89-1, May 1, 1988; amended Oct. 1, 1988; amended Dec. 27, 1993.)

1-9-13. Payment for accumulated vacation leave and compensatory time credits upon separation. Any employee who resigns or is otherwise separated from the service shall be paid for that employee's accumulated vacation leave and compensatory time credits at the same time the employee is paid for the last day at work. Pay for an employee's vacation leave or compensatory time credit shall be calculated using the rates set forth in K.A.R. 1-5-21, and with respect to overtime eligible employees, the provisions of K.A.R. 1-5-24(f)(4). Pay for such vacation or compensatory time credit shall be a lump sum addition to the employee's last paycheck. (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-3746; effective May 1, 1979; amended May 1, 1984; amended May 1, 1985; amended, T-86-36, Dec. 11, 1985; amended, T-87-11, May 1, 1986; amended May 1, 1987; amended Feb. 1, 1993; amended Dec. 27, 1993.)

1-9-24. Disaster service volunteer leave. (a) An appointing authority may authorize leave with pay to any employee in the classified or unclassified service who is a certified disaster service volunteer of the American red cross.

(1) Such leave may only be granted when:

(A) the employee is requested by the American red cross to provide disaster services;

(B) the disaster is designated as a Level II disaster or above by the American red cross; and

(C) the disaster occurs in Kansas or in states contiguous to Kansas.

(2) Request for disaster service volunteer leave shall be made in accordance with K.A.R. 1-9-3(a) and shall include written verification of the provisions of paragraph (a)(1) from the American red cross.

(3) Disaster volunteer leave shall not exceed 20 working days in the 12-month period that starts the first day the leave was used.

(b) The employee shall not be considered to be an employee of the state for the purposes of workers' compensation or the Kansas tort claims act while on disaster service leave. (Authorized by K.S.A. 75-3747; implementing L. 1993, ch. 33, § 3; effective, T-_____, effective Dec. 27, 1993.)

Article 10.—GUIDANCE AND DISCIPLINE

1-10-6. Dismissal, suspension or demotion of permanent classified employees. (a) On grounds of deficiencies in work performance. The dismissal, suspension or demotion of a permanent classified employee on grounds of deficiencies in work performance shall be in accordance with the provisions of K.S.A. 75-2949 and K.S.A. 75-2949e, and any amendments to such sections.

(b) On grounds of personal conduct. The dismissal, suspension or demotion of a permanent classified employee on grounds of personal conduct detrimental to the state service shall be in accordance with the provisions of K.S.A. 75-2949 and K.S.A. 75-2949f, and any amendments to such sections.

(c) Suspensions without pay of employees exempt under the Fair Labor Standards Act, 29 U.S.C. 201 et seq., shall not be less than the employee's workweek

of seven consecutive 24-hour periods or multiples of such workweek unless the suspension is in good faith for an infraction of a safety rule of major significance. In the case of a suspension for an infraction of a safety rule of a major significance, the agency shall request and receive prior written approval of the director.

(d) Procedure on appeal to civil service board. When a permanent classified employee appeals a dismissal, suspension or demotion to the state civil service board, the appeal procedure shall be in accordance with the provisions of K.S.A. 75-2929d, and any amendments thereto. (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-2949d and K.S.A. 75-2944; effective, E-82-14, July 1, 1981; effective May 1, 1982; amended Dec. 27, 1993.)

Article 13.—RECORDS, REPORTS, RESEARCH AND EVALUATION OF PERSONNEL SYSTEM

1-13-1a. Content and disclosure of information in employees' official personnel records. (a) The official personnel file of state employees shall include the following:

(1) documents showing employees' appointments, transfers, promotions, demotions, separations, changes of salary rates, leaves of absence or other changes in employment status;

(2) performance evaluations, letters of reprimand and letters of rebuttal thereto, and letters of commendation;

(3) applications for employment and examination scores;

(4) such other information as the director of personnel services deems appropriate; and

(5) letters of proposed disciplinary action.

(b) Except as otherwise provided in this regulation and the Kansas open records act K.S.A. 45-215 et. seq., information contained in each state employee's official personnel file shall not be open to public inspection.

(c) Upon inquiry of an individual, including prospective employers, the division of personnel services or personnel in the state agency where an employee is employed, shall disclose the following information concerning an employee:

(1) name of the employee;

(2) current title and job position;

(3) current or prior salary; and

(4) length of employment with the state.

(d) Upon inquiry of any individual, the division of personnel services, or personnel in the state agency where an employee is employed, may disclose the following additional information concerning an employee:

(1) name of employing state agency;

(2) length of time the employee has served in the employee's current job position; and

(3) letters of commendation.

(e) When individuals from the following agencies, in carrying forth their official duties, establish a need for information contained in employees' official personnel files, access to the information shall be permitted to personnel from the following agencies:

(1) The Kansas department of administration;

(continued)

(2) the Kansas attorney general's office, including the Kansas bureau of investigation;

(3) the federal equal employment opportunity commission and Kansas human rights commission;

(4) the Kansas civil service board;

(5) legislative post audit;

(6) an employee's employing state agency; and

(7) child support enforcement specialists of the Kansas department of social and rehabilitation services.

(f) Any current or former employee, or an individual or organization authorized in writing by the current or former employee, may review the employee's official personnel file maintained in a state agency or in the division of personnel services. The request shall be made in writing to the appointing authority or the director, respectively. A copy of the written request and the written authorization from the employee shall be placed in the employee's personnel file. The review shall be made consistent with the conditions established by the appointing authority or the director, respectively, and at a time and place mutually convenient to the parties.

(g) The head of any state agency or a designee, having a proper interest and an established need to review an employee's personnel file, may review an employee's official personnel file, including employee references, maintained in a state agency or in the division of personnel services upon request to the appointing authority or designee, or the director, respectively.

(h) The official personnel file of any specifically named employee shall also be made available for inspection in connection with litigation pursuant to the terms of an order entered by a judge of any federal, state or municipal court properly having jurisdiction over such litigation. (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-2950 and K.S.A. 75-3746, and K.S.A. 45-221; effective May 1, 1983; amended Dec. 27, 1993.)

Article 14.—LAYOFF PROCEDURES AND ALTERNATIVES TO LAYOFF

1-14-8. Computation of layoff scores. (a) Layoff scores shall be computed by the appointing authority for each permanent employee in the agency in the class or classes of positions identified for layoff and for employees in classes of positions that may be affected by the exercise of bumping rights.

(b) Layoff scores shall be computed according to the formula: $A \times L$, where:

A = average performance evaluation rating of the employee, as described in 1-14-8(d); and

L = the length of service, as defined in K.A.R. 1-2-46(a), expressed in months.

Length of service for a retired employee who has returned to work shall be calculated on the same basis as a new employee. The layoff scores shall be prepared in accordance with a uniform score sheet prescribed by the director.

(c) Layoff scores computed by the appointing authority shall be made available for inspection by each employee, upon request, at, or prior to, the time the agency gives written notice of a proposed layoff to the director and the secretary pursuant to K.A.R. 1-14-7. Upon request of any employee, the appointing authority or designee shall review the manner in which the employee's score was calculated. Any dispute as to the proper calculation of a layoff score of any employee shall be resolved by the director.

(d) Except as otherwise authorized by this subsection, the performance evaluation ratings used in computing the layoff score of an employee shall be the most recent ratings for the employee during the last five years up to and including five ratings, if the employee has as many as five ratings. However, special evaluations that are given for a rating period ending within 90 calendar days of any notice of the layoff to the director shall not be counted. Performance evaluations completed for rating periods ending on or after the date the appointing authority notifies the director in writing that a layoff is to occur shall not be considered in computing layoff scores; however, the appointing authority may designate a uniform earlier cutoff date to identify which performance evaluation ratings shall be used in computing layoff scores.

(1) Point values shall be assigned to evaluations as follows: A rating of outstanding, excellent or exceptional shall have a value of five; a rating of above standard or very good, a value of four; a rating of satisfactory, standard or good, a value of three; a rating of below standard or fair, a value of one; and a rating of unsatisfactory, a value of zero.

(2) If an employee has not had a performance rating that may be used to compute a layoff score, the employee shall be deemed to have been given a performance rating of satisfactory and the value of that rating shall be used to compute a layoff score. Employees who are on probationary or conditional status as a result of an original appointment or those who are employed in training classes are addressed in subsections (e), (f), and (g).

(3) In case of identical layoff scores, if some, but not all, of the persons with the same score need to be laid off, preference among such persons shall be given to any veteran, any surviving spouse of a veteran, and any orphan of a veteran, in that order. For the purpose of this regulation:

(A) "person who served in the armed forces of the United States" means a person who served in the army, navy, air force or marine corps of the United States in world war I and world war II, and of persons who have served with the armed forces of the United States during the military, naval and air operations in Korea, Viet Nam or other places under the flags of the United States and the United Nations or under the flag of the United States alone;

(B) "veteran" means a person who has served in the armed forces of the United States and who has been honorably discharged therefrom or who has been discharged under honorable conditions;

(C) "surviving spouse" means the spouse of a person who served in the armed forces of the United

States and who died while in the U.S. armed forces, unless the spouse has remarried;

(D) "orphan" means a minor who is the child of a person who served in the armed forces of the United States and who died while serving in the U.S. armed forces.

If further ties remain, the secretary shall determine a method of breaking the ties that is consistent with the agency affirmative action goals and timetables for addressing underutilization of persons in protected groups. If further ties remain, preference in retention shall be given to the person with the greatest length of service as defined in K.A.R. 1-2-46. If a tie still exists, the next preference shall be given to the person with the greatest length of service as defined in K.A.R. 1-2-46 within that agency. If a tie still exists, the appointing authority shall be responsible for determining an equitable tie-breaking system.

(e) No employee serving in probationary status as a result of an original appointment shall be granted permanent status on or after the date the appointing authority has notified the director of a proposed layoff. However, any probationary employee in a position for which no employee subject to layoff meets minimum qualifications may be given permanent status. Employees who are on probation as a result of an original appointment shall have their probationary period extended until it is certain that no permanent employee whose position is to be vacated by layoff or who otherwise would be laid off through the exercise of bumping rights is claiming the probationary position.

(f) If the conditional status of an employee ends on or after the date the appointing authority has notified the director of a proposed layoff, the employee shall attain probationary status and shall have the same layoff rights afforded probationary employees as stated in subsection (e) of this regulation.

(g) Any employee serving in probationary status as a result of one of the following shall be considered as permanent for layoff purposes only:

(1) promotion from a class in which the employee had permanent status;

(2) reallocation of a position from a class in which the employee had attained permanent status; or

(3) promotion from a classified position after six months of continuous classified service.

(h) Any employee serving in training status on a governor's trainee position, or in any identified training position, for at least six months of continuous employment shall be considered as permanent for layoff purposes only.

(i) The layoff list shall be based on the order of the layoff scores. The person with the lowest layoff score shall be laid off first. If more than one person is to be laid off, the persons to be laid off shall be selected on the basis of the lowest layoff scores. (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-2948 and K.S.A. 75-2943; effective May 1, 1984; amended, T-86-17, June 17, 1985; amended May 1, 1986; amended Dec. 27, 1993.)

1-14-12. Layoff procedures for an abolished agency. With the approval of the secretary of administration, alternative procedures to the layoff provisions specified in the regulations may be established by the director if an entire agency is abolished. (Authorized by K.S.A. 75-3747; implementing K.S.A. 75-2948; effective Dec. 27, 1993.)

Article 49.—PERSONAL CONDUCT; CERTAIN BUILDINGS AND GROUNDS

1-49-11. Possession of firearms prohibited. The provisions of K.S.A. 1992 Supp. 21-4218, as amended, with respect to possession of firearms shall apply to all state-owned or leased buildings in which the agency or agencies occupying the building have conspicuously placed signs clearly stating that firearms are prohibited within that building. (Authorized by 75-3706, 75-4505; implementing K.S.A. 1992 Supp. 21-4218, as amended by L. 1992, ch. 298, sec. 80; effective Dec. 27, 1993.)
